

New very cool card game app with lots of features. Using this app, you can play the card game, “Go Fish” at an easy, normal or hard opponent difficulty. The app also comes with an “auto ask” feature that allows the app to play for you, which can compete with the highest difficulty level. At the bottom, there is an action log that lets you keep track of what happened during the opponent’s turn. Input numbers 2 through 11(Jack) through 14(Ace) to select a rank to ask the opponent.
